FOR IMMEDIATE RELEASE

Construction Continues with Lane Closures on US-75 Bridges in Sarpy County

Aug. 4, 2026 (Omaha, Neb.) — Weather permitting, work will begin Aug. 10 on northbound U.S. Highway 75 (US-75), from reference post 79.00 to reference post 83.00, according to the Nebraska Department of Transportation.

Traffic impacts will include reducing capacity on US-75 northbound from two lanes to one lane from reference post 79.00 to reference post 81.00, and from reference post 82.00 to reference post 83.00. These lane restrictions will be in place until winter 2026.

General Excavating, of Lincoln, is the contractor for this project. Work includes pavement and bridge repairs, culvert work, grading, and guardrail work. Traffic will be maintained with lane restrictions and controlled by temporary traffic control devices. Anticipated completion is winter 2026.

Motorists are reminded to drive cautiously in and near work zones, to buckle up, and put phones down.
