

NEBRASKA DEPARTMENT OF TRANSPORTATION  
NOTICE OF HIGHWAY IMPROVEMENT PROJECT  
**US-75(SB) Chandler Rd – I-480**  
NH-75-2(186); C.N. 22756

Identified as **US-75(SB) Chandler Rd – I-480**, the proposed project would improve approximately 2.85 miles of southbound US Highway 75 (US-75) located in Douglas and Sarpy counties.

The proposed project would begin at the interchange of Chandler Road and US-75, at mile marker (MM) 84.95 and extend north to MM 87.80. Construction may begin and/or end approximately 500 feet ahead of or beyond the actual project limits to accommodate transitioning the pavement.

The purpose of the proposed project is to preserve the transportation asset, improve the reliability of the transportation system and perpetuate the mobility of the traveling public. The need for the proposed project is based on the current condition of the existing roadway and bridges.

Proposed improvements along southbound US-75 would consist of patching and sealing concrete pavement, milling and resurfacing the roadway with asphalt, bridge repairs and removing and replacing guardrail. Improvements to the northbound and southbound bridges over J Street (Structure Numbers S075 08730 L & R) would consist of partial and full depth deck repairs, asphalt overlay and guardrail replacement.

The proposed project would not require the acquisition of additional property rights. No wetland or other water resource impacts are anticipated.

Construction is tentatively scheduled to begin in spring 2022, with anticipated completion by winter 2022.

The proposed project would be constructed primarily under traffic with lane closures controlled by appropriate traffic control devices and practices; however, phasing requirements and milling/overlay work would temporarily impact access to nearby on/off ramps.

The following ramps would require temporary nighttime closure (approximately less than three nights) and traffic would be detoured to adjacent ramps:

- US-75 southbound L Street on-ramp
- US-75 southbound F Street on-ramp
- US-75 southbound F Street off-ramp
- US-75 southbound Chandler Road off-ramp
- US-75 southbound Q Street off-ramp

The US-75 southbound L Street off-ramp would be closed for approximately three weeks. The designated detour would utilize US-75, and Q Street.

The US-75 northbound L Street on-ramp would be closed for approximately 45 days. The designated detour would utilize 25th Street, Q Street and US-75.

NDOT has worked to develop this project to minimize inconvenience and hardships. We are dedicated to improving Nebraska's highway system and with your help we can achieve this goal.

---

Any questions or comments regarding this project should be submitted to: Sarah Soula, External Affairs Manager, Nebraska Department of Transportation, P.O. Box 94759, Lincoln, NE 68509-4759; [sarah.soula@nebraska.gov](mailto:sarah.soula@nebraska.gov); voice telephone 402-479-4871, TDD telephone 402-479-3834, fax 402-479-3989.

Information regarding the proposed project will be made available on the NDOT website at <http://dot.nebraska.gov/projects/future-projects/> by clicking on the "US-75(SB) Chandler Rd – I-480" link.
