FOR IMMEDIATE RELEASE

I-180 northbound closure for girder installation

Sept. 3, 2026 (Lincoln, Neb.) — Weather permitting, Tuesday evening, Sept. 8, the northbound lanes of Interstate 180 (I-180) will be closed at 9 p.m. between reference point 2.1 and reference point 3.47, according to the Nebraska Department of Transportation.

Northbound I-180 traffic will be detoured at the O Street Intersection and directed to take O Street west to the US-77/O Street/I-80 interchange. From there, traffic can access eastbound I-80. Traffic traveling to westbound U.S. Highway 34 (US-34) will need to exit at 399 and follow the marked detour for US-34.

Single lane closures may be in place during these evenings for the directions of travel opposite to the closed travel direction.

The detour and lane closures will be removed with traffic on northbound I-180 restored by 6 a.m. the following morning.

The closure is for the installation of girders for the new bridge structure over I-180 at U.S. Highway 6 (US-6, Sun Valley Blvd). In the event of adverse weather conditions, this schedule will be revised. A detour map is attached.

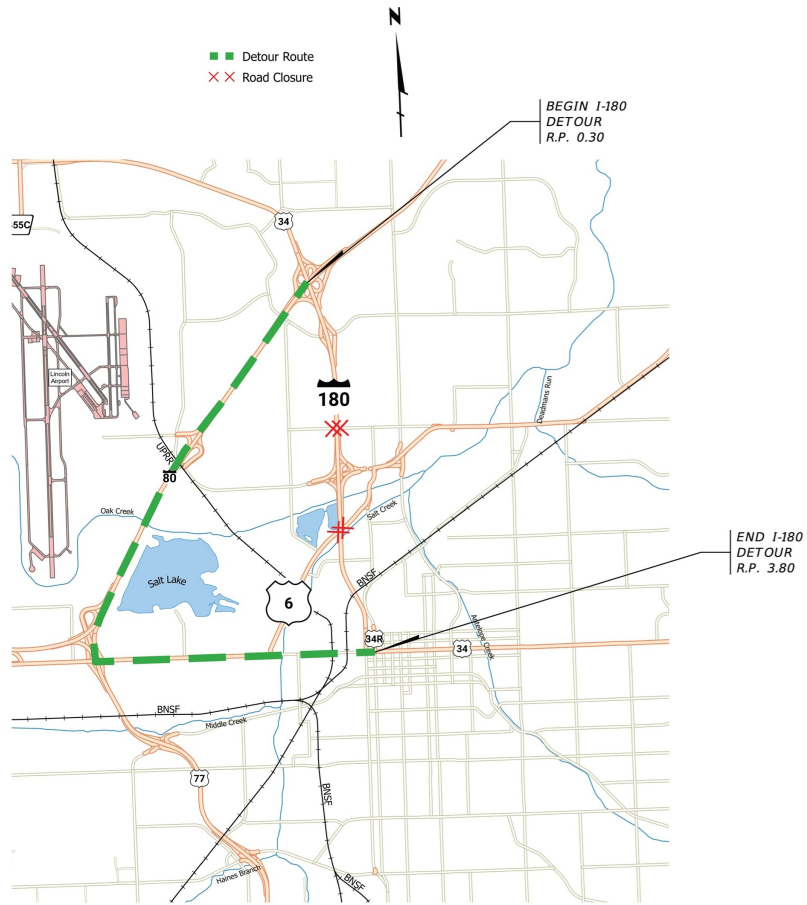

Motorists are reminded to drive cautiously in and near work zones, to buckle up, put phones down.
