

8. LIST OF PREPARERS

Olsson Associates

Joan Darling, Ph.D., Technical Leader – Study Involvement: Lead author for EA, purpose and need, alternatives analysis, lead scientist for wetland delineation, public involvement.

Randy Kaster, PE, PTOE, Transportation Practice Group Leader, Senior Vice President – Project Manager and Principal-in-Charge, Senior technical reviewer.

Tony Egelhoff, PE, Senior Engineer – Study Involvement: Assistant Project Manager, Roadway design, public involvement.

Deanna Pulse, Senior Scientist – Study Involvement: Wetlands, natural resources.

Brian Osborn, Senior Scientist – Study Involvement: Senior technical reviewer.

Jeff McPeak, PE, Team Leader – Study Involvement: Report of subsurface investigation.

Caleb Pharris, Associate Scientist – Study Involvement: Wetland delineation, species surveys.

Bill Imig, Senior Scientist – Study Involvement: Noise modeling study.

Neil Wolfe, MS, Associate Scientist – Study Involvement: Technical author for natural resources.

Amy Cherko, Associate Scientist – Study Involvement: Wetland delineation, floodplains, Environmental Justice.

Jenna Muhlbach, MS, Associate Scientist – Study Involvement: GIS and graphics.

Felsburg, Holt & Ullevig

Kyle Anderson, PE, PTOE, Transportation Engineer, Principal/Executive Vice President – Study Involvement: Senior technical reviewer, public involvement.

Amy Zlotsky, MS, Plant Ecologist, Principal – Study Involvement: Wetland delineation, species surveys, endangered and threatened species coordination, senior technical reviewer.

Allison Sambol, MA, Environmental Scientist – Study Involvement: Technical author for document, lead author for hazardous materials technical report, socioeconomics, farmland impacts.

Matt McFadden, PE, Design Engineer, Principal – Study Involvement: Roadway design, alternatives analysis, public involvement.

Rick Haden, Traffic Engineer, Associate – Study Involvement: Traffic operations and traffic safety, alternatives analysis, public involvement.

Adam Behmer, Biologist – Study Involvement: Technical author for natural resources, and land use.

Adam Denney, E.I., Traffic Engineer – Study Involvement: Traffic operations, alternatives analysis.

Kevin Maddoux, AICP, CEP, Environmental Scientist – Study Involvement: hazardous materials review.

Kody Unstad, MS, Ecologist – Study Involvement: endangered and threatened species.

Linda Stuchlik, Senior Administrative Assistant – Study involvement: Technical editor.

Nebraska Department of Roads Preparers and Reviewers

Mike Owen, P.E. – Division Engineer, Planning and Project Development

Jason Jurgens – Environmental Section Manager

Len Sand – Highway Environmental Program Manager

Jon Barber – Highway Environmental Program Manager

Tony Ringenberg – Highway Environmental Program Manager

Tom Plattner – Highway Environmental Biologist

Melissa Marinovich - Highway Environmental Biologist

Kimberly Baker – Highway Environmental Biologist

Stacy Stupka-Burda – Highway Environmental Biologist/Section 106 Specialist

Nathan Sorben, PE – Engineer V

Toby Fierstein, PE - Engineer III
