FOR IMMEDIATE RELEASE

NDOT Announces \$18 Million in Federal Grants for 24 Nebraska Airports

Aug. 19, 2024 (Lincoln, Neb.) — On June 28 and July 26, 2024, the U.S. Department of Transportation's Federal Aviation Administration (FAA) awarded \$18 million to 24 airports across the state. The grant funds are part of a nationwide initiative to enhance airfield safety and infrastructure.

Nebraska's airports are part of a broader vision, with the FAA distributing over \$123 million in grants to 235 airports in 35 states and the District of Columbia. These grants underline a national commitment to promoting safety, efficiency, environmental stewardship, infrastructure, and security across America's airports. The FAA's Airport Improvement Program, bolstered by approximately \$3.3 billion in annual funding, is dedicated to elevating the standards of aviation nationwide. A complete listing of grants is on the [FAA website](#) along with [an interactive map with all the awards](#).
