Please email interview presentation slides in PDF format to [NDOT.pdRFQinfo@nebraska.gov](mailto:NDOT.pdRFQinfo@nebraska.gov) by 7:30 a.m. on Friday, November 14, 2025. Please name your slides ***firm name\_RFQ-2520 Interview.pdf***.

**Presentation Focus:** The panel will be well versed in the organizational structure and technical responses provided in the Statement of Qualification for this RFQ. NDOT asks that you not focus a lot of time presenting on those areas unless there have been changes you want to highlight. Instead, NDOT suggests the interview contains information such as the following:

- Identify and discuss your innovative approaches to solving some of the unique complexities of the entire corridor beyond just the challenges of a typical 2+2, including safety and operations.
- Discuss the potential hydraulic complexities within the corridor.
- Discuss the potential challenges and your firm's approach to navigating the scope of work spanning the railroad.
- Discuss your approach to utilizing the corridor study for NEPA development and providing a separation between concept level alternatives analysis and more detailed design working in parallel.
- Discuss staying on task and meeting schedule milestones when the current letting date is not driving the delivery.
