

News & Updates

Welcome

(April 26, 2018) Greetings and welcome to a new section of NDOT's Consultant Services Information webpage titled *Consultant Services Updates*. We will try to make the information posted here pertinent, timely, and worthy of your attention. Communication is vital component to fostering a productive working relationship between NDOT and the dozens of consultants we partner with each year to help us grow Nebraska.

From time to time, Section staff will post information regarding topics relevant to consultants providing professional services to NDOT. For example, upcoming topics include overhead schedules, invoicing, and the closeout/auditing process for agreements.

We will also send out an email blast to announce when we have posted a new entry. If you are not yet signed up to receive updates, hit the "Subscribe to Updates" button at the bottom of our webpage and select "Business Center/Consultant Services" as one of your subscription topics. Please encourage your co-workers who process invoices to subscribe as well.

Finally, if you are curious about how or why we do something, or want to suggest a topic for a future update please give one of us a call or send us an email.
